## **Children's Photography Workshop:**

### **September 11, 2010: Near and Far**

Using macro and landscape functions we will explore how a camera "sees" things up close and at a distance.

### **October 2, 2010: Motion and Action**

Using shutter speed purposely we will freeze action and blur action.

### **November 6, 2010: Perspectives**

Using our knees we will observe a favorite object from different angles. Students should bring a small object to serve as their subject.

Using flashlights we will create light paintings. Students are encouraged to bring a flashlight with them.

Classes are held on Saturday from 10:30 a.m. - 12:00 p.m.
